

Passages provides marginalised and homeless young people with a "passage" to help them to transition from one life to another. Young people are helped to get off the streets and adopt safer and healthier life-styles.

Passages' primary function is to act as a referral centre from its property at 20 Davey Street Mandurah in Western Australia. However, it also offers street present young people practical services such as:

- Food vouchers, Smart Rider's and Phone Cards
- Bathroom, kitchen and laundry facilities
- Computer and Internet access
- Mail collection
- Workshops and activities
- Key support services
- Information, advocacy advice and referrals
- Use of Outcomes Star Tool

Passages Timetable
